About me

EDIT

I am a freelance location Sound Recordist.

I run location Sound Operation for film and TV with years of knowledge and understanding of on set process. I've run sound for film, corporate promotional content and Television, branded content and much more.

I've worked both in front and behind camera which gives me an understanding and empathy to all departments related to filming. This gives me an edge when working as a Sound Recordist working closely with artists, both new and high profile.
